## Handicapped Access Bathroom

---

This is one design for a handicapped access bathroom. There are other designs. All the various spaces may overlap. The door cannot swing into any clear floor space. An alternative to the Tee-shaped space is a 60" diameter wheelchair-turning circle. If toilet stalls are provided, see ADAAG Sect. 4.17, Figure 30-a or 30-a-1. (Sect. 4.22.4.) (ADAAG Guidelines, Section 4.22, September 1998)

Grab Bars; 1 1/4" to 1 1/2" Diameter, 1 1/2" From Wall, Polished Stainless Steel, 33" - 36" AFF.

**36" Door**  
 Cannot Swing Into Clear Floor Spaces.  
 Lever Operator; No Door Knobs.  
 Threshold Maximum Height 1/2" .
